

# Ferne King

## Senior Consultant & Facilitator

Ferne King is a dynamic and authentic leader with over 20 years of experience driving large-scale transformations, leading EPMOs, and deftly managing mergers and acquisitions (M&As) across diverse industries. Recognised for her ability to cut through complexity and inspire teams in culturally diverse environments, Ferne delivers impactful change on time, within budget, and with lasting results.

Ferne's expertise spans portfolio and project management, strategic transformation, and risk management. She has successfully led more than 25 M&A initiatives, specialising in due diligence, Day 1 preparations, and integration. As an expert in governance and delivery frameworks, she crafts strategic roadmaps that align teams, reduce risk, and foster innovation to achieve measurable success.

Ferne has led major transformation programs at NAB and Xero that enhanced customer satisfaction and operational efficiency. She successfully managed governance and risk for the inaugural European Games in Baku, navigating complex stakeholder environments. As a partner at Deloitte Australia, she led EPMO initiatives that contributed to over \$1 billion in revenue while reducing operational costs.

Ferne's leadership style is grounded in empathy and inclusivity, fostering high-performing, collaborative cultures that embrace curiosity and innovation. Her global experience and ability to connect strategic objectives with practical execution, make her a trusted advisor and skilled facilitator, empowering clients to achieve transformative success and drive sustainable growth.
